

The Rise of Neo-Nationalism in Europe

:The Economic Cost and Political Outcomes of
Refugee Migration to Greece and Germany

Hanmin Park, Doyoun Kim, Soobeen Bae from Incheon International
High School

Introduction

Globalization

Liberalism

The Rise of Neo-Nationalism

Introduction

Neo-Nationalism

: political phenomenon that has emerged since 2010
“States should prioritize their interests over free trade and globalization”

Europe

-strong tendencies on Neo-Nationalism
-refugees

Greece

Germany

Economic Crisis-GREECE

The first country that refugees reach

- Move across the Mediterranean Sea to
- Travel through Turkey

Greece accepted numerous refugees

-> One of the least economically viable c

Economic Crisis-GREECE

1. Increased Financial Burden

2016, Spent 160million euros

maritime research

rescue

operators

The costs of refugees: up to 600
million euros

-> increased Greece's national
debt

Economic Crisis-GREECE

Tourism

: main business way to make money

Economic fallout

-> drop in the number of tourists

-> decrease in spending & investment confidence

Economic Crisis-GREECE

Kos & Levos

Tourism = livelihood

become troubled due to refugees

Islanders have staged violent
protests

refugees

conflicts
VS

residents

Economic Crisis-GERMANY

Spent 23B euros on
1.4M refugees

Long processing time Cost for basic needs Social integration costs

Political Outcomes: Right-Wing Parties and Victory

Middle-left
New Democracy

Political Outcomes: Right-Wing Parties and Victory

Germany Council in 2019

Political Outcomes: Right-Wing Parties and Victory

92 of 709 seats in 2016

27.5% of voters

17.8% 2016 to 2019

Political Outcomes: Increasing Crime and Social Instability

The Guardian According to *The Guardian*

People in Lesbos & Kos Island and Attica

Because of
Refugees!

Political Outcomes: Increasing Crime and Social Instability

ETH zürich

According to
Swiss Federal Institute of Technology Zürich
research team

Land
Niedersachsen

10.4% 2015 to 2016

Cologne
e

Conclusion

Refugees → political

outcomes ↓ → financial & social problems, reactionary

ideologies ↓ reappearance of left-wing politicians and
globalism

Need to reduce
refugees

Need to implement
policies for refugees
